ABOUT ME

SIMONE WRIGHT

A life time of Mystical experience, over 25 years of study, practical application and field work. Over 15 years of fluff free, teaching, coaching and mentoring. Reverse engineered 'spontaneous' mystical processes so they could be done 'at will'.

I have used the Visioneering process to generate success in:

- my art career to become the highest selling artist of my kind in the world
- my writing, teaching and coaching career to write 3 books and have thousands of students around the globe
- Developed First Intelligence Intuition program – the first of its kind for developing Intuition in law enforcement to become the book, program and trainings

WHAT IS VISIONEERING?

The *Quantum Creative Process* of Getting your Visions out the INVISIBLE and into the VISIBLE as a REAL thing – A CREATED reality.

It uses practical AND Mystical understanding.

Uses the application of Energy, Information and Action to ground Spiritual energies into the Physical and is based on the understandings of the PRINCIPLES of CREATION.

It is NOT based in Magical thinking, although many miracles CAN and DO occur. ***It is based in the understanding that our Life does NOT come TO us – but it comes THROUGH US as a reflection of our consciousness.***

NO HIGH VIBRATION, POSITIVE THINKING or HANGING OUT IN OTHER DIMENSIONS. But is grounded HERE in this dimension/ reality and frequency.

IF YOU'RE CREATIVELY STUCK...

If you've been using 'Spiritual practices' to try to create your reality and are noticing that things really aren't changing, that you feel more stuck, confused or frustrated than ever ... it's not because you're doing anything wrong.

It's because what is being taught out there in the Spiritual/New Age/ Love and Light community – isn't complete, correct or powerful enough to contain or sustain the amount of energy required to shape 'thought' into 'stuff'.

It's NOT an equation of Light/ Dark, Good thoughts/ Bad thoughts, Ego or Soul ... it's an equation of Energy.

VISIONARY POWER

When shaping our Visions into reality – it requires a stable mastery of energy.

Energy that is gathered, shaped, directed and sustained for a period of time to generate new outcomes.

This is what a Mystic calls Power ... and the equation that shapes it is $\text{Energy} + \text{Information} = \text{Outcome}$.

This relationship with Energy and your Vision must be ***Engineered*** in order for you to gain results.

ENGINEERING YOUR VISION

To ENGINEER a thing means to ‘skillfully design or build, or to artfully arrange for an event or situation to occur.’

ENGINEERING YOUR VISION

In order to move from the invisible to the visible and have strength and stability to emerge through you and exist in the 3D world – it must be properly structured, energetically and materially. AND have a **STRONG** foundation.

VISIONEERING IS ROOTED IN **PRINCIPLE**

It is NOT personal – the Universe is not testing us, or keeping secrets from us, it is responding only the energetic equation we provide it with.

Like $2 + 2 = 4$ – and like the physics required to build a bridge or launch a rocket, it follows the energetic rules of nature and blends them with the energetic rules of consciousness. = *METAPHYSICS*

This creative power is all around us HERE, NOW, at THIS FREQUENCY, in THIS DIMENSION.

The more precisely we understand this principle, the more power, creativity, stability and self responsibility we embody.

MYTH BUSTING

Why do the Law of Attraction, vibrating high and the other ideals of the New Age not work?

Because the originating energetic foundation is not accurate or stable and so our results will not be accurate or stable either.

#1. We are NOT ATTRACTORS – we are CREATORS. Our reality comes THROUGH us not TO us.

#2. When you work with ‘attracting’ you are shaping your energetic equation on a foundation of ‘not having’ – so you create more ‘not having.’

#3. High Vibration generated by SELF **, is an ‘incoherent field’ – the Creative code of the Universe is ‘super coherent’ (and all around you, here, now, at this frequency, in this dimension)

WHAT WE'RE TOLD

Vibrate High

Move into Higher Dimensions

Focus only on the Positive

Work only in the Spiritual element

Find your Purpose

Obliterate the Ego

Reject the Material World

Service to the outside (others/the world) first

Let the UNIVERSE DECIDE

In order to authentically and consistently shape reality we must STOP DOING THESE THINGS.

WHY?

They are very weak Metaphysical fundamentals that create resistance, amplify instability and block energy instead of allowing us to flow with it.

...kinking the hose of flow...

... making it impossible to generate momentum or ground anything in the 3D world.

Stuckness. Forward/ backward. Repeating patterns.

STRONG FOUNDATIONS

To maximize the flow of Consciousness
we need in order to shape our reality...

#1. Don't resist where you are now.

#2. Break the energetic habit of making
where you are **WRONG**.

#3. No longer use 'what you don't want'
... as the impulse to create something
different.

I don't want to be sick ... so I'm creating health
I don't like being broke ... so I'm creating wealth
I want to fix the world ... so I'm helping it be
better
I don't like being single ... so I'm looking for a
partner

You can't transform ANYTHING, if you start from
a place of resistance.

Creative power exists in the eternal now. If you
are starting the Engineering process with the
impulse that something is wrong, broken, bad ...

That is what you will constantly and continuously re-create...

This is why the Law of Attraction doesn't work, or why other processes take so long.

You are starting with the premise that there is a problem, this creates energetic resistance and perpetuates the problem ...

As a result, you're dragging the problem with you into every moment and that's why nothing changes.

Even if the current moment ISN'T what you want, or like, or prefer ...

Allow it to be OK. Do not resist it. Do not use it as a catalyzer for change ...

What you resist, persists.

When you ALLOW a thing/ moment/ circumstance to BE, without fighting it, or trying to manipulate it ...

You gain greater access to the flow of mind (Source/ Superconsciousness) that will serve your new creations.

I agree to allow this
moment to be just as it is.

Notice what you notice.

YOU GET TO CHOOSE

The Universe isn't keeping a secret from you. Your Visions for the future are the TOOL the Universe uses to nudge you into your Creative power.

But YOU have to choose them, say Yes to them, and then infuse them with Life in order to make them real.

It is the spark that lights the fire of our potential. It is FIRST matter. Or as the Mystics call it – Prima Materia. What Visioneering calls ...

INSPIRATION.

INSPIRATION

What Lights you up? What do you love to do? What are you good at? What have you had a lot of experience in doing in your Life that you know could benefit others? Ask this question again and again to unlock the clues to your deepest desires. (This is SOUL PULL)

OR

What PUSHES YOUR BUTTONS? What world issue really gets you charged, revved up that you feel called to make a difference in. It may be a World issue. Human issue. Environmental issue. Animal Issue. (This is a SOUL PUSH)

Anything that pushes or pulls you is a projection of your own UNINTEGRATED POTENTIAL.

This is the DOING of the Creation.

OR ... and even perhaps even more powerful is the BEING of the Creation.

How are you inspired to FEEL? What do you want to create FEELING wise?

Freedom. Stability. Security. Well Being.
Peace. Creativity. Satisfaction. Self Assured.
Love. Joy. Ease. Abundance. Certainty. Etc...

Write down as many of these Feeling elements that you believe the DOING of the Inspiration will create for you.

THIS is where we begin. Get familiar with these Inspired energies.

INTENTION

YOUR CHOICE, deciding what you want, and saying YES to the Inspiration of your Vision is the SPARK it needs to get it off the ground, to generate momentum, to navigate the path and get you where you want to go.

‘You can’t steer, unless you’re moving.’
The Universe isn’t going to ‘bring’ that to you ... YOU have to CHOOSE it.

INTENTION creates ...

- POWER – The ability to engage with, shape and direct spiritual energy
- STABILITY – The ability to contain an increase of energy and ground it in the 3D world
- ENDURANCE – The ability to maintain the energy required to generate momentum in the vision for an extended period of time
- FOCUS – The ability to move energy in a single direction

HAVE. DO. BE - Creating the HARD way

The New Age and Old Age tells us in order for us to HAVE the life we want, or the outcomes we desire, we must DO things first.

We must DO HIGH VIBRATION – we must DISCOVER OUR PURPOSE (also a DOING), we must step into SERVICE (also a DOING)
Then we'll be a rich, stable, satisfied, creative being.

BE. DO. HAVE - Creating the VISIONEERING way.

When we Visioneer, we reverse that process with a powerful twist. We get CLEAR about what we Want to Create – the things we want to have, feel, do and experience *what we did with Inspiration – and then we shape our BEING around that.

We ask ourselves ... 'who do I need to BE in order to be in service to my vision and provide it with the energy, stability and consistency to grow out of me?

In the Visioneering process we call this 'Shaping Identity' and it is crucial to any creative process.

IDENTITY

Identity is the SOFTWARE of your new Vision.

It contains the energetic codes of consciousness that will shape your new Vision – giving it a conduit through which to move.

When Identity is restructured – your consciousness becomes a new container through which your Vision emerges OUT OF as a NATURAL EXPRESSION.

It comes THROUGH you as ideas, attitudes, intuitions, innovations, new relationships, synchronicities, coincidences, ways of influence.

Not because you are artificially vibrating high and trying to manipulate physical matter from your old level of self, but because who you are being NATURALLY possesses the codes required to generate the outcomes of your Vision.

THE POWER OF IDENTITY

How does my Visioneered Self:

Think

Feel

Take Action

Dress

Enter a room

Write a check

Share ideas

Care for themselves

Answer the phone

Spend money

Eat

Exercise

Spend free time

Choose friends/ relationships/ business partners

Talk to themselves?

CLOSING THE GAP

This Identity will be the container you use to SHAPE your Vision into Reality.

If it weren't necessary to make this shift, you would already, be, do and have everything that is contained in your Vision.

It is your Vision that is calling this new level of BEING out of you.

Are you willing to step into it? How close are you now?

IMAGINATION, INNOVATION & INTUITION

When Identity is activated, the MIND that will shape your Vision comes online ... you begin to THINK as your Visioneered self thinks and as a result your Imagination, Innovation & Intuition responds in kind.

New level of mind – creates new levels of Wisdom.

What things does this Being in you Imagine?
What are the OUTCOMES he/she participates
in?

What Innovations does he/she come up with?
What NEW approaches, strategies, thoughts,
attitudes does he/she express?

What does he / she Intuitively know? What
certainty does he/she possess about things in
regards to the Vision?

YOUR PARTICIPATION IS ESSENTIAL

The Universe responds to what you give it.

If you let IT decide it will respond by giving you the same results you always gotten, the law of averages or the law of the collective.

In order to become a deliberate Creator you must become a powerful CHOOSER.

Then ENGINEER yourself to be a vehicle to contain, channel and create the outcomes you have chosen.

Energy In = Energy Out

INVESTMENT

When we INVEST in our Vision we have an *expectation* that what we put in will EXPAND. Providing us with greater returns than we placed into it.

If we don't INVEST, we can't expect a return.

Energy. Time. Money. Thought. Focus. Love.

What we put in, does come back ... expanded.

Folks who expect stuff for free are always surprised when they don't create any success. (no time, no \$, no energy expended)

Most people get stuck here, because they
AREN'T willing to INVEST anything ...

OR they SPEND resources and so don't get any
return...

There is a powerful difference between
INVESTING energy and SPENDING energy.

Intentional Investment creates a return.
Unintentional Spending (wasting resources)
gets you nothing or sets you back.

We INVEST when we direct energy/resources into and towards our vision that are in alignment with the outcome.

We SPEND energy when we use our resources incorrectly. Thoughts, beliefs, attitudes, emotions, that keep us stuck or push us backwards.

What investments have you made in your Vision? Time, \$, Energy?

INTEGRATION

Over time, these elements and the levels of Mind that are used to generate them, start to work as a cohesive unit.

Old patterns are no longer useful, old ways of doing things no longer work and new patterns and outcomes begin to emerge.

The Reality that the OLD mind created starts to fall away as Integration takes root. It all starts to feel normal as the Vision becomes Embodied within you.

IMPLEMENTATION

Is the DOING.

Going out into the 3D world and rooting ACTION into form.

Your Vision becomes Embodied through the things you DO to make it Welcome.

How you prepare and take the shot to reach your targets. How you respond if you don't succeed the first time.

The things you 'do' that define the Vision.
What is your DOING?

INEVITABILITY

Is rooted in the understanding of PRINCIPLE.

$$2+2 = 4$$

This roots us in the OUTCOME and makes us more and more positioned IN the Vision. We aren't attracting it, it IS us already. So we aren't attracting it ...

No fear. We continue the process until we hit the target.

The energy of Inevitability is

IT IS DONE.

In consciousness / in mind at every level,

Superconscious

Subconscious

Conscious ...

They all agree.

The vision is the same at every level ...

It's only a matter of Time until it is revealed.

COLLAPSING TIME

It takes a minimum of 40 days to begin to recondition consciousness and generate new energetic habits that shape mental, emotional, physical and spiritual results.

DISSOLVING DISTORTION

The level of mind that provides you with the Inspiration to create your Visions also has the power to clear away the limits, blocks and kinks that have kept you from creating them thus far.

Inspiration comes as an impulse from the Superconscious ... along the way, we have acquired beliefs, traumas, thoughts and other energetic patterns that keep us repeating the OLD patterns and not moving forward – and making it difficult if not impossible to actually create.

These distortions are conditions of mind, patterns of programming that were created in your past and are now causing your Clarity and Perception to be cloudy. (Carried in the SC)

Generating repeated blocks, obstacles and stuckness – like dirt on glasses or floaters in the eye, they get in the way.

Your relationship with your Superconscious/ Higher/ Source Mind is what will help you wipe these things away.

So if the Superconscious (Source) mind can give you the Inspiration, it can also remove that which prevents the Inspiration from coming to Inevitability.

What are the patterns that you already recognize, know and are familiar with that repeatedly show up for you when you Create – that LIMIT you?

How do they make you feel? What are the emotions that accompany them?

And what are the RESISTANCES that you are aware of that emerge as you Create?

These are energetic patterns carried in your Creative / Subconscious mind that block your path to your outcome.

****We do a deep dive into this work when we work together, but this is a simple and easy way to begin*****

So if the Source/ SC mind provides the Inspiration for a Vision ... it can also clear a path to it becoming real.

Ask Source / SC mind to remove the blockages and the distortions that you carry ... and notice what you notice

Energy movement. Vibration. Emotion.
Memories.

Notice what you notice and let them move.

Your Superconscious mind, knows what needs
to be dissolved withing your Mind structure so
you can bring your / its Visions to reality.

Trust what you notice. Trust your request has
been answered.

As you deepen your relationship with your
Vision, your relationship with Source/ SC mind
will also deepen, these transformations will
become easier and easier to activate.

The path becomes Clear. Your
mind becomes Clear. Your
targets become Clear. Your
actions become Clear ...

Your Vision is Clear. And you
have the energy and
information you need to make
it a reality.

Invest some time with each of these elements...

Go through the list of each of the I's and get clear about each of them offers you.

Even a light touch with all of the elements will generate some Clarity and movement ...
